# MISSION STATEMENT

The mission of North Topeka Business Alliance is advocating the improvement of the economic environment and the quality of life for those who live and work in North Topeka.

## WHAT IS NTBA?

North Topeka Business Alliance is an organization of people with a common interest. The NTBA was established in 1999 with business owners and residents of North Topeka in mind.

The goal is to have strong membership, outreach, legislative agenda, and coalition building. NTBA is member supported.

## MEETING SCHEDULE

All meetings are held at the Great Overland Station from Noon to 1:00 pm on the first Tuesday of every month.

*NTBA does not meet in January or July.*

# WHY JOIN?

I became active in the North Topeka Alliance for two reasons:

1. Join a unified voice from the business community of North Topeka in handling government and social issues.
2. Share in the camaraderie of other businesses of North Topeka and develop networking.

*- Justin Glasgow | Performance Tire & Wheel*

In 1999 the business climate in North Topeka was somewhat disconnected from the rest of the city, so some North Topeka business owners decided to create the North Topeka Business Alliance.

The NTBA has worked hard to make things better for North Topeka by supporting the fly-off bridge, the North Kansas Avenue Streetscapes Project (helping to spark the NOTO Arts District!) and the North Topeka Highway 24 Corridor that has exploded with new businesses.

NTBA has meetings 10 months a year, hope to see you soon.

*- Darrell Six | Six Auto Sales*

When starting my business in 2003, I was looking for a civic organization focused on building a better community for our businesses, workforce and residents. I joined after attending my very first NTBA meeting.

Take my word for it - you won't find a more inviting, positive and rewarding networking experience than the North Topeka Business Alliance.

*- Gary Piland | Umbrella & Roaring Rat Films*

# MEMBER SERVICES

North Topeka Business Alliance...

- ***Represents your business interests*** at the State Capitol. This can reduce the cost of doing business by limiting or stopping adverse legislation.
- ***Provides educational opportunities*** throughout the year at monthly member lunches. In today's complex business environment, companies and organizations struggle to keep up with changes in their respective industries.
- ***Leadership maintains open lines of communication*** with state and local regulatory compliance issues, helping members avoid costly fines.
- ***Publishes a quarterly business newsletter*** "The Gazette" to keep you advised and informed of community activities.
- ***Staff is always available*** to help with questions related specifically to your business. If the staff doesn't know the answer, they will find someone who does, and help you connect.
